

# PROUDLY MANUFACTURED IN THE USA

## AG/UG Propane Tanks

superior quality
unbeatable durability
on-hand inventory

### 120-1000 GALLONS

#### PRESSURE VESSEL CODES & REGISTRATION

- Compliant with ASME/NBIC inspection standards
- Complies with NFPA 58
- Meets the specifications established by the Railroad Commission of Texas

#### **PAINT SPECIFICATIONS**

At the time of order, customers must specify the intended application to determine the paint used during manufacturing.

- Aboveground Tanks: Painted Sky White with durable polyester TGIC powder paint for maximum rust protection. Additional colors available. If intended for underground use, the tank must be field-painted.
- Underground Tanks: Zinc epoxy primer base coat applied, then finished with gray TGIC powder coat.

#### **VESSEL FEATURES**

- Tanks fitted with Cavagna, Rotarex or RegO valves and Rochester or Rotarex liquid level gauges
- Dual service options for aboveground or underground applications
- Product supplied with steel dome (custom colors available upon request) or plastic
   AG/UG shroud, specify at time of order
- Container pressure rated at 250 PSI @ 400°F
- Vacuum purged
- Stainless steel data plate
- Product supplied plastic dome or AG/UG shroud, specify at time of order

#### PROCESS CONTROL

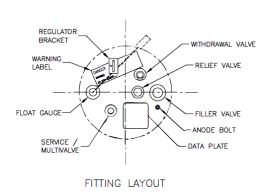

All welded products are x-rayed and pressure tested @ 325 PSI per ASME Sec VIII, Div 1 requirements, followed by rigorous leak test inspections, both pre and post valving.

<sup>\*</sup> No Drain

All Vessel Dimensions are Approximate

Federal, state, and local regulations may specify requirements for protective coatings and cathodic protection. The purchaser and installer are responsible for compliance with all relevant regulations, including proper purging before use. Continuous coatings are required and must adhere to applicable codes.

Quality tanks made safely by good people since 1946.
